

Product Information Bulletin

Transition to New Catalogue Numbers for Pocket Mask and Paediatric Pocket Mask Products

FridayFriday, December 5, 2025

Laura Buchan, Product Manager

Purpose

To provide an updated overview of the new catalogue numbers introduced as part of our portfolio optimization initiative, including a reference map to the discontinued catalogue numbers and their replacements, along with remaining stock status where applicable.

Background

As part of our ongoing portfolio optimization efforts, we have streamlined and standardized the Pocket Mask product line to improve operational efficiency, simplify logistics, and better serve global markets.

Key changes include:

- **Multi-language catalogue configurations:** Previously, most catalogue numbers were configured with a single language. We have now consolidated multiple languages into each product configuration. This reduces complexity and enhances usability across regions.
- **Aligned product availability across markets:** All regions now have access to a consistent set of product options. The following formats are available globally:
 - Generic versions (available in all markets):
 - Polybag
 - Hard Case (Yellow)
 - Soft Pouch (Blue&Yellow)Available for both the standard Pocket Mask and the Pocket Mask with Oxygen Inlet.
 - Private label versions (customizable upon request):
 - Hard Case (White)
 - Soft Pouch (Black&White, and Camouflage)Available for both standard and O2-inlet Pocket Mask variants.
 - Generic versions for Paediatric Pocket Mask:
 - Polybag, Red&Black and Blue&Yellow Soft Pouch
- **Discontinuation of gloves and wipes:** Gloves and wipes have been removed from most configurations. This change extends shelf life to five years, eliminates the need for reworks, and simplifies inventory handling. Products that still include gloves are clearly marked in the product name and are Japanese configurations and American Red Cross variants.
- **Packaging simplification:** We have discontinued single-pack and 100-pack formats. All products will now be supplied in 10-pack configurations only. Distributors may split these 10-packs into individual units for resale as needed.

These improvements significantly streamline manufacturing and logistics while maintaining product quality and flexibility.

There is no change in product pricing as a result of these updates.

Product Information: Old vs. New Catalogue Number Reference Table

Below is a comparative table showing the discontinued (old) catalogue numbers, the corresponding new catalogue numbers, and remaining stock availability for Pocket Mask and Pocket Mask with Oxygen inlet.

Please note: Many of the old catalogue numbers were associated with single-pack or 100-pack formats. These have been discontinued. All new catalogue numbers correspond to 10-pack configurations. Distributors may split 10-packs into individual units for resale where needed.

Note: Not all old catalogue numbers have a direct equivalent. This is due to the discontinuation of gloves and wipes in most configurations and the consolidation of product formats.

Below is an overview of the new catalogue numbers of Paediatric Pocket Mask:

Old Catalogue Number	Remaining stock DC-NL	Remaining stock DC-AP	Remaining stock DC-TN	New Catalogue Number	Description	Languages and configuration
820050	433(DC-NL),31(DC-NO),381(DC-UK2)	0	211	821050	Paediatric Pocket Mask	SP Blue, 10 pkg
821051	NA	0	NA	82105005	Paediatric Pocket Mask	(JA) SP Blue W/Glove, 10 pkg
82005205	NA	0	NA	82105205	Paediatric Pocket Mask	(JA) SP Red W/Glove, 10 pkg
820052	49(dc-nl)	0	284	821052	Paediatric Pocket Mask	SP Red, 10 pkg
820054	NA	NA	NA	821054	Paediatric Pocket Mask	Polybag, 10 pkg
New	NA	NA	NA	82105027	Paediatric Pocket Mask	(KO) SP red & black, 10 pkg
820051 821051	0	96 0	0	Discontinued. Alternative: 82105005	Paediatric Pocket Mask	(JA) SP Blue W/Glove, 10 pkg
820053 821053	7(DC-NL),31(DC-UK2) 3(DC-NL)	8 0	207, 1	Discontinued. Alternative: 821050	Paediatric Pocket Mask	SP Blue, 10 pkg

The following catalogue numbers keep unchanged:

820410 - Valve Pocket Mask 1/pkg

820411 - Valve Pocket Mask 100/pkg.

820610 - Filter Pocket Mask 1/pkg

820611 - Filter Pocket Mask 10pkg

830110 - Headstrap adjustable x10

Notes:

- PB is shortage for Polybag, HC is shortage for Hard Case, and SP is shortage for Soft Pouch.
- In case you are unsure about the countries the product would be available to considering its language code, see below the rationale for the catalogue numbers, languages included and countries which would have the product available to:

Code (last digits of the Catalogue Number)	Languages	Countries (ISO country codes)
00	NO, SV, FI, DA	Norway (NOR), Sweden (SWE), Finland (FIN), Denmark (DNK)
04	NL, PL, FR, DE	Netherlands (NLD), Poland (POL), Belgium (BEL)
05	JA	Japan (JPN)
10	DE, FR, ES, IT, EN	Germany (DEU), Austria (AUT), Switzerland (CHE), France (FRA), Spain (ESP), Italy (ITA), Canada (CAN), Latin America (LATAM), Luxembourg (LUX), Andorra (AND), Chile (CHL), Costa Rica (CRI), Colombia (COL), Dominican Republic (DOM), Ecuador (ECU), Haiti (HTI), Honduras (HND), Mauritius (MUS), Mexico (MEX), Morocco (MAR), Panama (PAN), San Marino (SMR), Uruguay (URY)
27	KO	Korea (KOR)
33	EN	United Kingdom (GBR), United States (USA), Ireland (IRL), New Zealand (NZL), Australia (AUS), Singapore (SGP), Bahamas (BHS), Bahrain (BHR), Bermuda (BMU), Brunei Darussalam (BRN), Cyprus (CYP), Hong Kong (HKG), India (IND), Iceland (ISL), Jordan (JOR), Kuwait (KWT), Malaysia (MYS), Malta (MLT), Myanmar (MMR), Nepal (NPL), Oman (OMN), Pakistan (PAK), South Africa (ZAF), Slovenia (SVN), United Arab Emirates (ARE)

- Please note that the previous table only applies to Pocket Mask catalogue numbers and not Paediatric Pocket Mask which has space to have all languages in one configuration and only Japan and Korea have a separate version due to regulatory reasons

You can find supporting marketing materials on BAM. (EN example: <https://bam.laerdal.com/laerdal/#!asset/7kfnq8xb2rgp9bp77kp36cvv>)

New versions are starting to be shipped from Suzhou. We will continue to sell the available stock of the old catalogue numbers and will shift to the new versions once the stock of the old ones were depleted and the new ones have arrived.

We expect a smooth transition. There is enough stock of old catalogue numbers until the new stock has arrived.

Sales companies will be informed when the order numbers need to be transferred to the new catalogue numbers and when the information in the webpages can be updated.

We are confident these updates will deliver better service and value to our customers. Should you have any questions or require additional information, please don't hesitate to reach out.
